Dear Parents,

The information in this booklet has been compiled by the St. James Academy admission office to assist you and your child through the high school admission process. It includes everything you will need to know as you navigate the many steps involved in successfully transitioning your child from SJA to high school.

Karl Adler, Dianne Fowler, Lisa Davis, the middle school Faculty and the SJA office staff are committed to supporting you and your student through this process. During the month of September, the students explore the many aspects of transitioning to high school in their 8th grade Leadership Class which includes an individual practice interview with Mr. Adler. You will also schedule a time to meet with Karl Adler and Dianne Fowler to discuss your child’s admission profile and ask questions pertaining to your child and the high school process.

Although the admission climate is competitive, be assured that graduates of St. James Academy are well prepared and sought after as prime candidates for independent, Catholic, and public upper school programs.

Selecting the best high school match is a time consuming and emotional process. It is also a learning process and a capstone experience for our 8th grade students.

We look forward to working with you and your child during this exciting time.

Lisa Davis  
Middle School Head

Karl Adler  
Head of School

N.B. Your comments & suggestions regarding the information in this publication are welcome.
Public School Directory

Dulaney High School
Guidance Office - 410.887.7635
Shadow visits encouraged during American Education Week in November.

Fallston High School
Guidance Office - 410.638.3542
Shadow visits are scheduled by counselor

Hereford High School
Guidance Office - 410.887.1907
Guidance Counselor - Ellen Fitzkee or Wanda Fitzgerald (secretary)
Visit days are for parents and students. Dates TBD

Loch Raven High School
Guidance Office - 410.887.3832
Half day shadow visits are scheduled by calling the guidance office

Towson High School
Guidance Office - 410.887.3613—Mrs. Mary Williams (secretary)
mwilliams15@bcps.org

Baltimore County Schools Website — www.bcps.org
Harford County School website — www.hcps.org
Magnet School Programs have competitive admission and often require a portfolio of work or an audition. Be sure to meet the application deadline.

**Admission Timeline**

**August - 2017**
- Read letter emailed from Mrs. Fowler.
- Contact the schools you wish to visit. Request one of the dates established exclusively by SJA for Grade 8 students to visit: **October 19, October 20, November 9, November 10 or November 14.**

**September - 2017**
- Read and discuss the contents in this handbook as a family.
- Select at least four schools and gather information from their websites.
- Mark your calendar to attend Information Events.
- Meet with Mrs. Fowler and Mr. Adler.

**October - 2017**
- Plan to attend SJA’s Upper School Admission Night on October 5th from 6:30PM-7:30PM.
- Organize your applications - noting special requests, information needed and deadlines. Begin working on the essay draft.
- Register online for ISEE and/or HSPT test dates. Be sure the dates do not conflict.
- Submit Referral Forms, transcript requests, and release of records forms directly to the Academy office; **complete student information on each.**
- Meet with Mrs. Fowler and Mr. Adler.

**November - 2017**
- If you will be taking the Catholic School Test in December, be sure you are aware of the exam date, location, and specifics.
- American Education week—opportunity to visit local public high schools. High school info nights also held in Nov.

**After The Decision Letters Are Received**
- When your child has applied to several schools, it is important to allow all schools the opportunity to inform the family of a decision before a commitment is made to one school. If two schools are still weighted equally for you and your child, call to schedule a second visit. Most schools will accommodate this request.
- **Once you have made a school selection for your child, immediately notify the other schools to which your child was accepted, releasing your child’s spot for another student in their wait pool.**

**St. James Academy expects our families to complete the admission process in an ethical way.** A personal call to the admission office is strongly encouraged. Delaying your call to notify the schools that your child will not be attending puts the school and families waiting for a decision in an unpleasant position. It can also be a poor reflection on St. James Academy and the valued relationships SJA has established with the high schools.

Often an admission director will inquire why you have made another school choice. Your response provides helpful information to schools as they strive to improve the admission process for families. Your cooperation is appreciated!
If your family needs financial assistance, parents should request information from the high school Admission Office or follow the directions for applying on the school’s website. Financial assistance awards are based on family need and availability of funds. Each school has a financial aid service with whom forms are to be filed. The form must be completed by each school’s specified date and are filed online. Some schools also require that you provide them with your most recent federal income tax form, and/or other financial information. These details should be part of the admission information on the school’s website.

Based on the information provided on the financial aid forms, your family’s ability to contribute to an individual student’s education is computed using a standard formula. Factors considered include: parental income; assets; debt; special family or business circumstances, cash savings and available funds; number of children in tuition paying institutions; etc. Be sure to adhere to deadlines; a late application can result in refusal of aid.

Each school determines the amount of an individual award. For example, if the FA results determine that your family has $5,000 available to contribute to this student's tuition and the tuition at a particular school is $15,000, it does not necessarily mean that you will be awarded $10,000 in financial assistance from that school. The number of requests for aid and funds available for distribution fluctuates each year. Schools may consider requests from current families before considering the needs of new students, as well.

N.B. Some high schools offer competitive academic scholarships. Information can be found on the school’s website or through the admission office.

Catholic families interested in scholarships should also search The Knott Scholarship Fund at www.knottscholar.org. The Knott Scholarship Funds award four-year, full-tuition scholarships to attend a local Catholic high school. Please see the scholarship website for specific requirements and detailed information.

**December - 2017**
- Complete and submit online applications to the schools you have selected by December 1st. Save a copy.
- File financial assistance forms online with payment. Retain a copy for your records.
- Catholic High School Placement Test (HSPT) — December 2nd (tentative) or December 9th (tentative). Call individual schools for correct date and time.
- SJA ISEE test date is December 16th (tentative) — online administration only.

**January - 2018**
- Mail supplementary financial assistance forms (1040) to the schools. Watch deadlines especially for scholarship testing.

**February - 2018**
- Decision letters mailed Friday, February 16th.
- High School welcome events for accepted students.
- Possible revisit to schools before making final decision / enrollment deadline is March 2nd.

**March - 2018**
- After you have enrolled your child in the selected high school, notify any schools to which your child was accepted and will not be enrolling to allow schools to contact students in their wait pool.

**May 1, 2018**
- If enrolling in a public high school, schedule an appointment with a Counselor to discuss course selection and placement.
- N.B. After this date enrollment contracts at many independent schools become binding for the full year’s tuition.
Many factors determine where students should apply to high school. Each family will need to decide which factors are most important in the decision making process for each individual child. The chart below is a guide to help you prioritize.

### Considerations When Choosing a High School

As part of the Admission process, the application for each school will include at least one Teacher Referral Form and a Release of Records. Both of these forms should be submitted to the SJA school office. **Please do NOT give referral forms directly to individual teachers.** The Academy Office keeps a record of the incoming forms to assure that they are completed, returned to the Office, and mailed with the students’ transcripts.

You may designate which teachers you wish to complete the referral forms. The Academy Office will direct the referral form to that teacher. Sometimes schools specifically name an individual, i.e. the head, guidance counselor, current Math or English teacher, etc. to complete forms.

Please be considerate of the faculty’s time. Often faculty members have several forms to complete for each student. **Submit forms to the SJA school office by November 3, 2017.**

Please be sure to complete your portion of the referral form: including name and the school to which you are applying if not printed on the form. The Release of Records form requires a parent’s signature authorizing the Academy to mail copies of report cards and CTP4 test results.

Referral forms and Release of Records should be provided in early fall to ensure completion by the end of the first marking period (early December). At that time, faculty can provide a more comprehensive evaluation of each student's performance and the first trimester grades can accompany the referral. No referral forms will be completed during the Christmas holiday, so submit them early!
The High School Admission Tests

Copies of the CTP / ERB Achievement test results, administered annually at St. James Academy, are part of the student's transcript. In addition, applicants for high schools are expected to take admission tests. Registration for these tests is required. Be sure to inquire about possible scholarship testing at each school, as well.

- Baltimore area independent schools require that applicants take the ISEE (Independent School Entrance Exam) administered, scored, and results mailed by Educational Testing Service in Princeton, NJ. **St James Academy will administer an online ISEE on Saturday, December 16th (tentative).** Registration is online at https://erblearn.org/parents. Students may take the ISEE multiple times. Check the ISEE website and high school application deadlines before considering this option. Results will be sent to each school specified on your registration. The ISEE is two and a half hours long and includes a timed, written essay section. For questions regarding the ISEE please contact Elizabeth Mangas, emangas@erblearn.org or go to the FAQ section on the website. **Please add St James Academy to the score report list.** If requesting testing accommodations, a copy of the educational evaluation must be submitted at least 5 weeks before test date for approval.

- Catholic schools in the Archdiocese of Baltimore administer the HSPT (High School Placement Test) to prospective students at the Diocesan schools on **December 2nd and 9th (tentative).** Testing date and time may be obtained from the Catholic school to which you are applying. The test is three hours and the fee of $40. Registration is online at http://www.archbalt.org/schools/highschool-information/index.cfm

- Boarding schools and some day schools require applicants to take the SSAT (Secondary School Achievement Test). Information and pre-registration should be provided by the school as part of the admission process.

- Portfolios and / or prime assessments are required for Public Magnet Program Schools.

</table>

Find time to discuss your choices. Narrow your priorities to those that are most important to both parent and student. Although your collective priorities may change during the process, remember to use these priorities as benchmarks for your decision making.
School Visits

Schools for serious consideration should be contacted to schedule a student visitation day. **Personal visits for parents and students are arranged in different ways by each school.**

The Director of Admission or a designee will meet with you during your visit. If you would like your child to visit “honors” or advanced level classes on the shadow day or participate in particular subjects of interest to your child, you should request that your child’s student host be in these classes.

If your child visits a school on the same day as other St. James students, it is important for him/her to focus on the purpose of the visit. SJA visitors should be courteous and attentive to their hosts and spend their time learning about the school. This is a chance for the high school faculty and admission team to get to know your child as well.

This is the time to ask questions to determine whether the school can provide an appropriate program to meet your child’s educational needs and personal preferences. A parent and/or student interview might also take place during this visit.

*In an attempt to maintain continuity of your child’s curriculum and facilitate the selection process, the Academy has established several dates for eighth graders to schedule upper school visits. We encourage you to call schools in August and early September and use these dates, if possible:*

**Thursday, October 19**
**Friday, October 20**
**Thursday, November 9**
**Friday, November 10**
**Tuesday, November 14**

Again, after the visit a "pro & con" list can be helpful in recalling and organizing information, experiences, and impressions when you are comparing schools. Open discussion between parents and students and comparison of lists helps. **While student input is valued and important to consider, the final decision has to be one that considers the impact on the entire family.**

What Is Considered For Admission To High School

**Testing Profile**
- Admission Test Scores (ISEE, HSPT, SSAT)
- Achievement (CTP / ERB) Test Scores
- School Ability Test Scores (OLSAT)
- CTY Testing (Center for Talented Youth)

**Academic Record**
- Quality and Range of Courses
- Consistency of Performance
- Improvement of Performance
- Report Card for Grades 6, 7, & 8

**Extracurricular Activities**
- Degree of Involvement in School Activities
- Summer Activities
- Sports, Performing Arts, Visual Arts
- Community Service
- Leadership Service / Student Council

**Teacher Referrals/ Recommendations**

**Interview**

**Quality of Application and Essay**

**Other Considerations**
- Demonstrated Academic Excellence & Achievement
- Affiliation to school / Sibling or Child of Alumnus/Alumna
- Individual Talents: Athlete / Musician / Performer/Artist
- Religious Affiliation
- Outstanding Social Contribution
- Unusual Background

Moreover, schools are looking for candidates and families who understand their mission and will be contributing members of the school community.
Questions Parents May Want To Ask

- What is the student body makeup and geographic distribution?
- How does the school communicate to parents and how frequently?
- What is expected financially beyond tuition?
- What are the school’s specialized programs?
- How does the school teach and reinforce study and organizational skills?
- What supportive services are offered for students?
- How individualized can the program be for my child’s abilities?
- What types of projects do teachers assign? How much independence is expected?
- What does the faculty consider to be important in their teaching?
- What forms of literature do the students read?
- How accessible are teachers outside of classroom time?
- How much does class discussion, writing assignments, and test engage the student’s higher order thinking skills (analysis, interpretation, synthesis, and application)?
- How do you advance moral development beyond dependence upon rewards and consequences?
- What do your students value? Is it cool to be smart, involved, and friendly with teachers?
- Does the school involve students in their leadership? How?
- How do the school ensure that students are doing the best work of which they are capable?
- Who handles college guidance? For how many students?
- How would you describe the class my child will be entering?
- How is technology integrated into the program for students?
- Where can I view your student publications?

Once the interview process is complete, it is important for parents and students to emphasize the positive points of each experience. Consider making a pro/con list similar to the one on Page 5 to formalize your thoughts and feelings. (It will be easier to remember your impressions later if you make notes after each visit and/or interview.)

A Final Note: Consider sending a handwritten note or email to the school within a few days of the interview; express your continuing interest in the school, mention experiences you had as a visitor and meeting with the Admission staff. This applies to both parents and students. Mrs. Fowler can provide a student with the names of the Admission Officers and school addresses. These can also be found on the High School’s website.

Completing the Application

FOR THE STUDENT:

Before Starting the Application

- Download and print a copy of the online application to use as a draft. (If the school uses a paper application make a draft copy.)

- Read the entire application carefully. Some school websites will not save a partially completed application for later completion. Some applications have an “optional” essay. SJA students should complete this essay.

- Highlight any special instructions - e.g., the details of an essay to be included with the application; or an application deadline, submitting online, etc.

- Set a target date of December 1st for submitting all applications.

- Submit transcript request & referral forms directly to the SJA school office. Clip together all forms for each school. Be sure to complete the student & family information. Please do NOT give forms to classroom teachers.

You may be able to prepare one essay for several applications, however, some schools require essays on a specific topic. Your child’s English teachers, by request, will review the application essay with the student. Allow plenty of time for consideration and completion of the draft application. The student should complete the applications.
The admission process requires a parent/student interview in most schools. The interview will focus on the student and his/her personal attributes, academic history, and extracurricular interests.

In early fall, Mr. Adler will meet with each Grade 8 student individually to practice interviewing skills. A subsequent meeting with parents will be held. Families find these meetings informative and reassuring as they experience the process of choosing their child's next educational setting.

When you meet with an interviewer as part of the admission process, realize that these professionals expect to meet a nervous student and are trained to obtain information by making the interviewee comfortable.

This interview is your child’s chance to “toot his/her horn”. For years we have taught our children not to boast, but to be humble. An occasion such as an admission interview, however, is an opportunity for your child to share his/her exceptional accomplishments and successes. Schools are looking for: 1) academic performance and intellectual ability; 2) quality students with good values; 3) specific talents, interests, or accomplishments; 4) willingness to try new things.

- As part of the interview, students are expected to answer questions honestly and succinctly, and they are expected to ask pertinent questions specific to that school and/or program. A thorough review of the school’s website or literature before the interview is essential for a student to formulate appropriate questions.

- You might want to bring an iPad, photo or short DVD to demonstrate your particular accomplishment or skill.

**Questions Students May Be Asked**

- Why are you considering our school?
- Where else are you applying and why? What is your first choice?
- What makes you think this school is a good match for you?
- What are your strengths and weaknesses academically?
- Do you play video games? Which ones do you like?
- Do you watch TV? How Much?
- Do you like movies? What have you seen recently?
- What are your special interests?
- What makes a good teacher?
- How would you describe yourself?
- What’s the last thing that you read and enjoyed?
- What’s your favorite movie? Why?
- Tell me about your family. Tell me about a typical day at school.
- How do you spend your summers?
- What extracurricular activities have you found most satisfying?
- What are your strengths?
- Who are your heroes? Why?
- What qualities are important in a student leader?
- What contributions have you made to your school?
- How would you handle the following situation (example given)?
- What event or person has had a profound impact on your life?
- What is one thing you would like to try that you have not yet done?
- What is one thing you’d like to change about yourself?

**Questions Students May Want to Ask**

- Tell me about your advisory system. How many students does each advisor counsel?
- How many new students do you enroll in the Freshman Class?
- How many students are in a typical English/History/Math class?
- Do your students have laptops? How are teachers using technology in the classroom?
- Describe student access to music/athletic facilities.
- Do you have design, tinkering or building classes?
- What are the big issues on campus?
- What is the usual course load?
- How does the school assist with college guidance? How many students work with each college counselor?
- How often are AP courses in English, U.S. History, etc., offered?
- Do you have a list of recent college acceptances?
